

# Andrea Miller Foundation

A non-profit charitable organization that provides support and services to orphan/needly children throughout the world.

## LAST YEAR: HARVEY/IRMA

## THIS YEAR: FLORENCE/MICHAEL

Four catastrophic hurricanes have hit the southern and eastern USA in the past two years. Like last year, the Andrea Miller Foundation (AMF) has provided resources to those who were devastated by Florence and Michael. We have and will continue to support local food shelves in Florida, Georgia and the Carolina's.

We are funding the clean-up and rebuilding of schools and providing financial support for children in low income families which were hit the hardest. The AMF also continues to support low income students throughout the Midwest with coats, caps, mittens and school supplies.

### GIVING CHILDREN

### A CHANCE

The AMF supports Kelby's Kids: a non-profit organization working in Haiti. Thanks to Kelby and his team of medical professionals, many young lives are saved and made better through the medical care and support they provide.

Late August severe floods affected Kerala, India where AMF supports two orphanages. Over 400 people died and 1 million were displaced to relief camps. AMF supports the relief efforts in this region.

The AMF has no paid staff, no administration costs. Funds for this and any other literature are paid by corporate/individual sponsors. Your donations go directly to help poor needy children throughout the world.

## FUNDING FOR AMF

Many of our donors are interested in where our funding comes from, and what we do with the money, so here are the details.

- A majority of funding comes from individual and corporate donors
- Portion from fund raising events
- Other organizations/grants
- Book signings/Andrea speaking engagements
- AMF has all volunteer staff

AMF provides coats, hats, boots and mittens for needy children in Minnesota, Iowa, Florida, Louisiana, North Dakota and South Dakota.

On September 20th, Andrea suffered an acute stroke deep in the pons area of her brain. At age 2, Andrea received bi-fractional radiation to this area to cure the tumor she had at that time. The radiation cured her cancer, but damaged blood vessels. The pons is the brain's message station, and controls respiration, sleep, blood pressure, swallowing, hearing, taste, eye movement, and more. A special angiogram indicated her stroke was caused by a tear in the left vertebral artery. Fortunately with medication, this type of tear can heal itself. She will have a repeat angiogram in January to see if she is healing. Ongoing prayers are appreciated.

### ANDREA MILLER & SEIZURE ASSIST DOG DRAKE

Knowing Drake is there by her side and that his vest will alert people to Andrea's medical needs gives her the confidence she was looking for to lead a more independent life.
